This image shows a page from a book, likely a scientific or botanical text, featuring a grid of small, dark, irregular shapes. These shapes, which appear to be seeds or small biological specimens, are arranged in rows and columns. The high-contrast black and white photography highlights the textures and forms of these objects. A small, dark, rectangular label with the word "fast" written in a cursive script is visible in the lower right quadrant of the page. The overall layout suggests a systematic arrangement of specimens for study or documentation.
